Personal Development and Relationships Education

Dear Parents and Carers,

A key part of the curriculum in school is learning about Personal Development and Relationships, which then develops into Sex and Relationships Education in the older year groups. It is part of the Foundation Phase Framework for Children's Learning for 3 to 7 year olds in Wales (2008), in the Personal and Social Education Framework for 7-19 year olds in Wales (2008) and in the Science in the National Curriculum KS2/KS3 (2008).

We have recently redeveloped our plans for this part of the curriculum to ensure appropriate coverage and progression across the whole school and will now be following a scheme of work with resources and guidance used by the majority of Flintshire Primary schools. Our new school Sex and Relationships Education policy has been developed by the staff and governors and follows the recommended Flintshire Policy.

All classes will be delivering their Personal Development and Relationships Education during the Spring Term. The accompanying leaflet outlines the main aspects taught at the age appropriate stages. Class teachers will plan and deliver their sessions in the most appropriate way for the children in their class and will contact parents where necessary.

Please read the accompanying Personal Development and Relationships Education leaflet, which will also be available on the school website. Should you wish to read the new SRE policy, this is available on request.

If you have any questions, please do not hesitate to contact us.

Kind regards,

Mrs Mel Williams

Assistant Head
